

Fell Race Championships 2004

Winners:

Stewart Gregory

Lorraine Butterfield

It has been encouraging to see 13 members taking part in one or more races in this year fell running championship. For many it has been the first experience of this running discipline and I know most have enjoyed the new challenge. We hope next year a few more may take to the hills and participate in this event that has largely been ignored over the past few years. Stewart may take some beating but he is prone to injury so others are in with a chance.
