

Fell Race Championships 2011

Winners:

Mark Salkild

Christine Heaton

This year's hotly contested championship has come to an end, the results have been counted, twisted, fudged and verified and I still did not win. So going back to the usual system of best 3 results from 5 races Mark Salkild was the clear winner in the men's section. It should be noted that once again Frank Makin MV70 completed the requisite 3 races to come in overall 6th place and really deserves a trophy but we do not have one. After the publication of the Fell Championship results I was informed that Claire Anderson had taken part in the Castleton race but was not in the official results so was missed out of our results table. After a few emails with Claire and Mary it was confirmed that she had taken club first place ahead of Mary. With this result that left us with an equal first place on points, not wanting to split the trophy we have used the number of first places as the decider so now declare Claire Anderson as the Ladies Fell Race Champion 2011.

Thanks to Mary who was a little disappointed but declared "I will be back"

As for next year, note that Stewart is back after a few years out and Mary can be beaten. Anyone who has not tried this discipline before do not be put off, ask those that have and they should tell you that are good fun events and if the hill gets to steep just walk, most of us do.
