

Fell Race Championships 2012

Winner:

William Scott

2012 championship has suffered from a lack of participation to the extent that there is no female winner as neither of the 2 contestants completed the 3 races. The men started off well with a good turnout in the County Championship race at Wolfs Pit but went downhill from there. In the end only one runner managed to complete 3 races to take the club championship for 2012. Credit must go to William Scott, not only for winning this year but also for his support in this championship over many years when he knew he was there just to take part.

WELL DONE William Scott.

Where do we go from here? We have 2 great trophies for this event which need to be utilised, they were presented to the club in memory of Paul Fooks an 'awesome' road and fell runner who was tragically killed in a mountain accident. Do we continue with the same format or think of another use for these trophies? Your ideas and opinions are needed.

Glyn

PS Thank you to William for compiling the results
