

Fell Race Championships 2014

Winners: Howard Partridge and Gina Granger

This year's series was made up of 3 short races followed by a medium and finally the long one. Good to see a few new faces giving fell running a try and hope you enjoyed the experience and the good weather. Only a few seasoned runners made it to the harder races where tougher and definitely wetter under foot conditions prevailed.

Gina wrapped up the ladies championship early in the series where as the men's championship right down to the last race could have gone a number of ways depending on who turned up, so I guess Howard was pleased that Stuart got injured while doing a course reece the week before.

Runners are awarded 4 points for a win and decreasing to 1 point for taking part. Scores form all 5 races are added up for the championship total.
